## Message from the President

March 2026

Our monthly meeting will be held at La Romeria Park this coming Wednesday evening at 7:30pm. Consider bringing your latest project to the meeting and sharing it with the membership. Additionally, if you haven't renewed your 2026 PSF membership, you can turn in your paperwork at the meeting. I hope to see you at the meeting!

Cerro will be un-flyable if this wind direction holds. Hopefully, the prediction will change and we can toss a plane off the hill.

If we get an opportunity to fly this coming weekend or you plan to go up to Del Cerro on a different day, make sure to [reserve a parking spot](#) at least a day before if you don't want to walk from Crest Road.

I would like to thank our club secretary, Don, for getting our 2026 AMA club charter submitted. The club charter not only registers our club and flying sites, but includes our insurance coverage. Thanks Don, for all of your work to keep the club operational.

### Next Meeting

**Wednesday, March 4th  
La Romeria Park, 7:30pm**

The little league baseball season is underway at Entradero Park. There are games and practices weekday afternoons after school and weekends.

The field is available for flying most weekday mornings. Please let a club officer know if you have any access issues. Also, please make sure to lock the gates when you enter and leave the facility.

Flying has been challenging this month, with so much rain, followed by a high pressure system that recently heated up the area making glider flying impossible, due to the wind direction. I'm looking forward to some flyable spring weather with southwest breezes.

There are a wide range of events scheduled by AMA chartered clubs for the month of [March](#). If you attend any of the scheduled events, please consider sharing some photos and write up your impressions for the newsletter.

The [San Fernando Valley Flyers](#) is having a swap meet this coming Sunday, March 8th. The location is Apollo Field, one of their flying sites, located at Sepulveda Basin. Their web site says the swap meet is an all day affair.

### Upcoming Fun-Flys

**Del Cerro March 7th  
Entradero None**

If you haven't yet renewed your membership, please do so. The [package](#) can be found on our website. Feel free to pass it along if you know anyone who would like to join the club.

Planes of Fame at Chino Airport will be flying their 1934 Boeing P-26 Peashooter this coming Saturday, March 7th. This is a really beautiful airplane and the last one flying. The museum schedules a series of [historical lectures](#) monthly on the day they fly one of their planes. The flight is scheduled for 12:30pm.

I hope all of you and your families are doing well. I look forward to seeing you at the upcoming March meeting or at the fields.

All the best,  
Jeff

Although this Saturday is forecast to be sunny with temperatures in the mid-seventies, the wind is expected to be out of the north. Obviously, Del
